When you're looking for a kerbside recyclable mailer option that will provide the same level of protection as a standard bubble mailer, the **Jiffy® Padded Lite** is up to the challenge. It is made from a kraft paper outer, and has a paper lining woven into a honeycomb like structure on the inside giving it cushioning strength and rigidity.

## Sealed Air Sustainability:

Jiffy® Padded Lite is made from paper that is responsibly sourced and carries FSC certification.
