26<sup>th</sup> June 2025

RoHS compliance (Reach 233 – Substances of Very High Concern)

We hereby declare that our range of i.e.

- Polythene bags, Continuous
- Polythene sheeting
- Lay flat Polythene tubing
- Polypropylene bags

Comply with ROHS, REACH regulations EC /1907 /2006 (including latest update 25th June 2025) governing the restrictions imposed by ECHA, the European Chemical Agency concerning the list Substances of Very High Concern (SVHC).

This list includes, amongst others, the following substances i.e.

Cadmium, Mercury, Lead, Hexavalent Chromium, Arsenic, Polybrominated Diphenyl Ether (PBDE), Polybrominated Biphenyl (PBB), Bis (Methylphenyl) Phthalate, Dibutyl Phthalate (DBP), Di Isobutyl Phthalate (DIBP)), PFAS(polyfluoroalkyl).

Our manufacturers and importers have provided comprehensive documentation certifying that their products meet all RoHS (Restriction of Hazardous Substances) and REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals) regulatory standards. Get Packed has reviewed these assurances and find them to be in full alignment with our quality standards.
